Dear Ali,

The stress and hectic from the past 1 ½ month is over and soon we will welcome our new Executive Chef Mr. Ahmad Sleiman.

The Royal wedding, SAGIA & the Horse race event turned out to be a great success for the Hotel and the feedback was extraordinary. We all made this happen, not one or two guys, no all of us. Everybody knows that we as the culinary team worked extra hard and the extra effort and Teamwork where the reason why the events finished successfully.

We should be proud with the achievements and the service that we provided. It felt good to see everybody working together. Let me say Thank you for support, professionalism & everything else. Thank you to our Taskforce Team of two. During the past 10 days we gained a lot of helpful knowledge with will help us to exceed the expectations even more then this year.

Not you or me – It is us or we as in we the Four Seasons Culinary Team. One Team - One Goal

With culinary regards,

Rudolf Segers
Executive Sous Chef
